

INDIGO Webinar #1

How to increase projects' TRL?

About INDIGO Webinar #1

The webinar

How to increase projects' TRL?

will take place on the **1st March 2017, at 10.30am GMT** (11.30pm CET and 4.30pm New Delhi's time).

The webinar will last 60 minutes and will be held in English.

This webinar will address the TRL concept in Europe and India. We would let the audience understand the TRL system, what the different levels correspond to and present the steps needed to progress to the next TRL. We would also try to present the opportunities available in Europe and India for the different TRLs.

INDIGO Valorization Programme

The INDIGO programme has enabled the funding of 46 projects involving European and Indian R&I partners.

The monitoring reports of the projects funded under the New INDIGO and INNO INDIGO Partnership Programme (NPP/IPP) show that a number of projects have developed promising results which have commercialisation potential. In order to make full use of these results, INNO INDIGO has developed a Valorization Programme to support the Indian and European partners with training activities and a light mentoring scheme. The specific goal of this action is to empower R&I partners and provide them with relevant tools and expertise to develop their roadmaps for the market uptake of projects results.

The programme consists of 3 complementary parts:

- MOOC: Online Training
- WEBINAR SERIES: Mentoring Scheme
- WORKSHOP: Working on outcomes of MOOC and Webinars
